## Notice of Proposed Action

June 23, 2008

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received an application for renewal of discharge permit #NEV30019 from the following applicant:

Alamo Sewer & Water G.I.D.  
P.O. Box 418  
Alamo, NV 89001

The Permittee operates the Alamo Wastewater Treatment Facility (WWTF), which is located in the Town of Alamo, Lincoln County, Nevada. The WWTF was originally constructed in 1975, later partially upgraded in 2004 and includes a lift station, baffled-aerated treatment pond and two percolation discharge basins permitted for 0.071 million gallons per day of domestic wastewater flow. Presently, effluent quality and groundwater parameters from facility operation exceed allowable permit standards. The Division has made the tentative determination to issue (renew) the proposed discharge permit for a period of five (5) years but requires submittal of a facility upgrade plan, including nitrogen removal. The upgrade plan is required to address exceedances of effluent inhibited biochemical oxygen demand, effluent total suspended solids and groundwater nitrate/nitrogen levels.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered, e-mailed, faxed or postmarked no later than 5:00 P.M. PST on **Friday, August 1, 2008**, either in person or by mail to:

Department of Conservation and Natural Resources  
Division of Environmental Protection  
Bureau of Water Pollution Control  
901 S. Stewart St, Suite 4001  
Carson City, Nevada 89701-5249

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be

considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time. The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by calling Mark A. Kaminski, P.E., Bureau of Water Pollution Control at (775) 687-9424, or via e-mail at: [mkaminsk@ndep.nv.gov](mailto:mkaminsk@ndep.nv.gov). The office fax number is (775) 687-4684.
